

**Notice of Posting to the Environmental Registry**  
by Grand Bend Wind Limited Partnership, with Northland Power Inc. as agent  
regarding a Proposal to Engage in a Renewable Energy Project

**Project Name:** Grand Bend Wind Farm (the "Project").  
**Project Location:** North of Grand Bend, in the municipalities of Bluewater and South Huron, Huron County. Portions of the transmission line also traverse the municipality of Huron East and the municipality of West Perth in Perth County.  
**Dated at:** West Perth, South Huron, Bluewater and Huron East this 4<sup>th</sup> day of September, 2013.

Grand Bend Wind Limited Partnership, by its general partner Grand Bend Wind GP Inc. and with Northland Power Inc. as agent, are planning to engage in a renewable energy project in which the issuance of a renewable energy approval is required. The Project is subject to the requirements of the *Environmental Protection Act* (the "Act") Part V.0.1 and Ontario Regulation 359/09 (the "Regulation"). On February 15<sup>th</sup>, 2013, an application for renewable energy approval of the Project (the "Proposal") was submitted to the Ministry of the Environment. The Proposal was posted on the environmental registry referred to in section 5 of the *Environmental Bill of Rights, 1993* on August 28<sup>th</sup>, 2013. Comments in respect of the Proposal may be submitted to the Director through the Environmental Registry website at [www.ebr.gov.on.ca](http://www.ebr.gov.on.ca), or by contacting the Senior Project Evaluator noted below. The registry number for the Project is 011-9928. The active comment period for the Project on the environmental registry is 45 days, ending on October 12<sup>th</sup>, 2013.

**Project Description:** Pursuant to the Act and Regulation, the facility, in which this Project is to be engaged in, is considered to be a Class 4 Wind Energy Facility. If approved, this facility would have a total maximum nameplate capacity of 100 MW and consist of up to 48 wind turbines on privately owned leased lands. The Project also includes step-up transformers, electrical collection and transmission lines, a parts and storage (office / maintenance) building, a substation, and switchyard to connect to the Hydro One power line (provincial grid), as well as other ancillary facilities such as temporary construction areas and turbine access roads with culvert crossings, where required. The Project location is described in the map below.

**Documents for Public Inspection:** Project documents in support of the Proposal have been issued for public review on the Project website at <http://grandbend.northlandpower.ca>. Printed copies are also available for viewing at the following locations:

Municipality of West Perth 169 St. David Street, Mitchell, Ontario, N0K 1N0	Municipality of South Huron 322 Main Street South, Exeter, Ontario, N0M 1S6
Municipality of Bluewater 14 Mill Avenue, Zurich, Ontario, N0M 2T0	Municipality of Huron East 72 Main Street South, Seaforth, Ontario, N0K 1W0
